

CMPS 115 Sprint 3 Plan

Product name: Pet Clump
Team name: Clumpers
Sprint completion: May 21st 2018
Revision date: May 9th 2018
Revision number: 1.0

Higher Level Goal

Create message system, and friend List, and being able to report to the management regarding the scam users.

User Stories

- 12pts - As a user, I want to add friends and have a friend list where I can see friend requests.
 - 1) -generate a list of friends profiles in the friend list page.
 - 2) -displaying two lines of chat history for each friend in friend list page (This might not be implemented).
 - 3) -being able to click on the profile pic of the friend to enter the one-to-one chat page.
 - 4) -being able to send a friend request and click on the "add" button
 - 5) -being able to see a friends request as an alert
- ❖ 24pts - As a user, I want to chat with my friend one on one.
 - 1) - have a UI for the one-to-one chat message, top window will be the display window shows your chat history
 - 2) -bottom window will be the place where you can type in your message and also there is a send button for you to click on when you finish typing.
 - 3) Displaying the profile pic of your friend in this page
 - 4) Generate a key value string the chat.
 - 5) Able to send message.
 - 6) Have encryption for message

❖ Total: 36 story points
